40 Periodic transfers of Sanitary Inspectors at intervals of 3 ~~and~~ 5 years are highly desirable. A long stay in the same place is not conducive to efficiency. There are who have been in the same place practically all their service, and have developed local vested interests to such an extent that the very suggestion of transfer evokes resentment and revolt.

41 The minimum period for transfer may be fixed three years and the maximum at five years. Five-ye transfers should be automatic and compulsory, whi transfers at an earlier period may be at the optic of the official, the Local Body or the Director o Health.

42 It would be very difficult to effect transfers unless the full power to do so is vested in the Director of Health. He will maintain for the purpose a list of all men with record of their service.

43 At present the Deputy Commissioners of Districts are empowered to effect transfers in th Districts but in the case of District to District transfers reference has to be made to the Director of Health.

old grade of Rs. 87/-, those that are already getting over Rs. 87/- being treated as special. The want of uniformity has led to considerable heart-burning amongst Inspectors.

(c) The Sanitary Inspectors of the District Boards and several town Municipalities are practically the only executive officers of those Bodies at present. The Sanitary work that they do is very little. The number appointed by the District Boards is hardly adequate, 2 or 3 taluks being assigned to each Inspector, except perhaps in the Chitaldrug District where each taluk has an Inspector. It is suggested that the present class of Sanitary Inspectors be abolished and in their place, eventuall substituted, trained Assistant Sanitary Inspectors who will do nothing but sanitary work. The Assistant Inspectors may be given the grade 30-2-50. One Assistant Inspector may be appointed for each taluk. For Public Works such as roads, wells, musafirkhanas etc., the District Boards may employ Sub Overseers on the same grade as Assistant Sanitary Inspectors. Their number need not be as many as one per taluk, but may depend on the quantity of routine public works that each District Board has to execute. The duties of Assistant Inspectors will be purely sanitary, such as checking and supervision of vaccinators, epidemic duty, sanitation of jatras, checking of birth and death registers, Health propaganda and helping the Village Panchayets with advice on water supplies, latrines, drainage and other sanitary matters. This arrangement will perhaps

54) The following points are asked for information regarding the proposals of the Dir of Health:-

Item-2 The Director's proposal is that there should be a uniform scale for all Sanl Inspr in the State and the number in each grade fixed. At present there is only one grade viz Rs 35-2-67-5/2-87 in the DHDs, except in the Kolar DHD where this grade goes upto Rs 100. In the two City Metics there are 2 grades viz Rs 35-3-80 and Rs 80-4-100. Statt flagged S gives the number of Sanl Insprs employed in the DHDs & the City Metics & their scale of pay.

55) In the Town and Minor Metics, wherever Sanl Inspectors are entertained — in small Metics only Sanl Maistries are employed — the appointments have been made on a lower scale of pay, except in some Town municipalities. Information as to the Metics where Sanl Insprs are employed & on what scale of pay has not been obtained & will have to be called for.

G.O.no Rd 16474-95/ME 184-16-23 Dt 24-6-1919 authorises the appointment of a Sanl Insp on Rs 35-4-87 in Metics whose normal annual income is not less than Rs 7,000 and in smaller Metics the appointment of Sanl Maistries on Rs 15/pm is considered sufficient. But as stated above, some Metics have Sanl Insprs on a lower scale of pay. Some uniform grades will have to be fixed for the Town & Minor Metics, suited to their financial condition. This can be considered only after information is obtained about the details of the Sanl Insprs now employed & their pay &c.

62) The question of divesting the Sanry Inspectors of responsibility for public works and concentrating their attention on Sanitation alone is an important subject but bristles with difficulties and may perhaps be reserved for separate consideration.

63) In regard to pay, we may adopt a uniform scale of 35 to 80 Rs giving local allowance of Rs 10 for the cities of Bangalore Mysore & K.G.F. The existing variations of pay being treated as personal allowance over the next lower grade.

64) Compulsory retiring transfer may be after every 5 years.

65) As regards posting I believe what the Director has in view will be met if each local body agrees to bear the salary and pension charges based on the calculated average salary of the grade; irrespective of the pay of the local incumbent. His point is perhaps that each local body should have power to ask for a cheaper

Director's proposal is that a fixed annual contributio should be recovered from each Municipality and credite to Government and the pay of the Inspectors should be borne by Government. On what basis the contribution should be fixed has not been noted by ~~them~~ him. The Development Secretary suggests that each Local Body should pay Government the contribution based on averag salary of the grade. The average salary will work up to much more than the minimum pay of the grade and there will be complaint from some Municipalities that the amount recovered is much more than the pay of the Inspectors actually working under them. This complai is now being received in regard to the recovery of the cost of maintaining L.F.Dispensaries from the Local Bodies. I therefore consider that the existing arrangement, viz., for the Local Body to meet the pay of the man actually working therein, is the simplest one and may be continued. Complaints against particular individuals will be of rare occurrence and will genera ly be met if persons getting lower pay are posted to poorer Local Bodies.

25 Re A on the last page, the pay to be given to Sanl Insps in small Municipalities — Pay of Munr. has to be decided. At present the pay allowed not is uniform, some Mcties pay Rs 30 being Rs 35-3-44 40-2-50 on. Some Mcties have only Sanl Masdrs on Rs 15 under the G.O. of 21-6-19 Full information about the pay given to the Sanl Insp & Masdrs in Pay & Munr Mcties has not been obtained.

No Para 3 of the draft prescribes the grade of Rs 35-2-65-3/2-87 for all Sanl Insps whether employed by Mcties or D.Bs. A smaller grade is necessary in the case of Mcties with limited income The Director of Health may perhaps be requested to suggest a uniform scale of pay applicable to all such Mcties

27 Re B on the last page, no consultation with the D.Bs seems necessary, as under Sections 89 & 99 of the D.Bs Regn the D.Bs shall carry out & abide by the rules orders & advice in all such matters

... With reference to A on the last page information was called for, with the approval of the Secretary, regarding the Sanitary Inspectors & Mistries employed at present in the several Districts. The information received so far is summarised in the linked file & it shows that while in a large number of Municipalities Sanitary Inspectors on Rs 35-2-65-5-2-85 are employed there is an equally large number of Cities which employ only Sanitary Mistries on pay ranging from Rs 12 to Rs 35. There are also some Cities in which Sanitary Inspectors on a lower pay, viz Rs 35 to Rs 40, are employed. This points to the need for having two grades of Sanitary Inspectors - one a lower & the other a higher one - and also for revising the State upper limit fixed in the G.O of 24.6.19 for Sanitary Mistries viz Rs 15. [redacted]

It is proposed to retain with a few exceptions assistant inspectors may be employed on Rs 35-2-45

Final Note by the Second Member of Council.

Subject:—

REVISION OF THE SCALES OF PAY AND PROSPECTS OF SANITARY INSPECTORS.

These papers relate to the revision of the scales of pay etc. of Sanitary Inspectors employed under the several Local Bodies in the State.

There are at present three scales of pay for Sanitary Inspectors viz., Rs.35-3-80, Rs.35-2-65-5/2-87 and Rs.80-4-100, the first and last obtaining in the Mysore and Bangalore City Municipalities and the Second in the District Boards and some Town Municipalities. In some Town and Minor Municipalities, Sanitary Inspectors have also been employed on a lower pay viz., Rs.30-2-50, Rs.40, Rs.35 etc. On account of the diversity of these grades of pay, it has been found difficult to effect periodical transfers of these officials though this measure is quite essential in the interests of efficiency. The difficulty is aggravated by the fact that in each case of transfer, the Local Body concerned has to be consulted beforehand and its consent obtained.

With a view to remedy the above defects and provide for an automatic transfer of Sanitary Inspectors periodically, the Director of Health was requested to submit proposals for placing these appointments on a provincial basis by revising the scales of pay and providing a central agency for appointment and transfer of, and control over, this class of officials. The proposals received from the Director were revised by me in consultation with him and the revised proposals are embodied in the accompanying draft Government Order.

The proposals have been agreed to by the Dewan and the First

First Member of Council and may be graciously approved.

G.O.No.L.1418-1439/L.B.17-28-87 dated 15-8-1930 approving of the proposal of the District Board, Kolar, to raise the pay of their Sanitary Inspectors from Rs.87 toRs.100 by biennial increments of Rs.5/-.

G.O.No.L.790/M1.32-21-47 dated 26-7-1922 and L.4320-1/M1.12-31-69 dated 12-12-1931 and G.O.No.L.6423-5/M1.11-32-12 dated 5-4-1933, fixing the pay of Sanitary Inspectors in the Bangalore and Mysore City Municipalities at Rs.35-3-80 and Rs.80-4-100 P.M.

G.O.No.L.6129-192/M1.145-24-52 dated 19-2-1925 directing among other things that the employees under the Local Bodies should be transferred after they have put in a service of three years under any local body.

scales of pay for Sanitary Inspectors viz., Rs. 35-3-80, Rs. 35-2-65-5/2-87 and Rs.80-4-100, the first and the last obtaining in the Mysore and Bangalore City Municipalities and the second in the District Boards and some Town Municipalities. In some Municipalities - (Town and Minor) - Sanitary Inspectors have been employed on a lower pay of Rs. 30-2-50 &c. On account of the diversity of these grades, it has been difficult to give effect to the Government order of 19-2-1925 read above in regard to the transfers of the Sanitary Inspectors from one local body to another. The position is further complicated as these appointments do not belong to one scale and the local bodies concerned have to be consulted in the case of each transfer.

2. Government consider that periodical transfers of Sanitary Inspectors are necessary, as too long a stay of an officer in the same place is not conducive to efficiency and that it is therefore desirable to make arrangements for the regular transfers of the officers. The Director of Health, who was consulted, has submitted the following proposals for the consideration of Government:-

i) The posts of Sanitary Inspectors to be grouped into one consolidated list.

ii) A uniform scale of pay applicable to all Sanitary Inspectors in the State to be adopted and the number in each grade fixed.

iii) Transfers of these officials every five years to be compulsory.

iv) The Director of Health to be given the power to transfer them every five years without consulting the local bodies.

v) The Director of Health to maintain (i) a service record of Sanitary Inspectors and (ii) a list of qualified men eligible for appointment as Inspectors.

vi) The disciplinary control over the Sanitary Inspectors to vest in the local bodies concerned, but this is not to prevent the Director of Health from taking any disciplinary action if he considers this necessary in the interests of public service.

vii) Refresher courses to be prescribed to keep these officials in touch with technical work, and promotions to be subject to their acquitting themselves satisfactorily in such courses.

iii) For smaller Municipalities Assistant Sanitary Inspectors on a pay of Rs. 25-1-35 to be appointed.

3. Government agree with the Director of ealth that with a view to remedy the defects t is necessary that the Sanitary Inspectors ow working under several District Boards and unicipalities should be brought under one con-

solidated

consolidated list and the powers of the Director of Health in regard to appointments of and control over the Sanitary Inspectors should be enlarged. They are accordingly pleased to direct that the appointments of Sanitary Inspectors and Assistant Sanitary Inspectors be formed into one provincial cadre and that their pay, whether employed under the Municipalities or District Boards be revised and fixed as follows:-

Asst. Sanitary Inspectors	Rs.	25-1-35
Sanitary Inspectors	"	35-2-55
	Efficiency bar	
	Rs.	55-4-87

The higher scale of pay obtaining in the two City Municipalities and the Kolar District Board will be personal to the present incumbents.

4. Sanitary Inspectors on the scale now laid down must be employed in all Municipalities with an income of over Rs. 7000/- and the District Boards should maintain such number of Sanitary Inspectors as Government may direct from time to time their number in no case being less than at present. In the case of smaller Municipalities with an income below Rs. 7000/- per annum, Assistant Sanitary Inspectors may be employed on a pay of Rs. 25-1-35 p.m.

5. The Assistant Sanitary Inspectors should have passed the S.S.L.C. Examination and should undergo training in Bangalore at their own cost for a period of six months as follows, unless they are qualified from any Sanitary Inspectors' Training School:-

Vaccine Institute	1 month
P.H. Institute	15 days
Vital Statistics	15 "
Health Education	15 "
City Health Week	1 month
Minor Sanitary Engineering	2½ months.

6. The recruitment, promotion &c. of Sanitary Inspectors and Assistant Sanitary Inspectors will be made by the Director of Health who will maintain the requisite registers in connection therewith. The Director will also transfer the Sanitary Inspectors and Asst. Sanitary Inspectors once in four years after giving intimation of the same to the Local Bodies. Transfers may also be made during the period by him whenever necessary, according to exigencies of service, in consultation with the local bodies concerned. The local bodies will have disciplinary control over their Sanitary Inspectors and Asst. Sanitary Inspectors but without prejudice to the general control of the Director of Health who may, in the interests of public service, take disciplinary action whenever necessary.

The recruitment will be effected in accordance with the general rules of recruitment, the candidate has appointed by the Director has issued by the Selection Committee

7. The question of prescribing refresher courses for Sanitary Inspectors is separately under the consideration of Government and orders will be issued in the matter in due course.

8. The Director of Health is requested to take early action for the transfer of Sanitary Inspectors who have been in the same place for over four years. To facilitate the maintenance of a consolidated list of Sanitary Inspectors and Asst. Sanitary Inspectors, the Deputy Commissioners of Districts and the Presidents of District Boards are requested to furnish to the

The information has been incorporated in the statement. Municipalities where income is more than Rs 7000 and who have a Sanitary Inspector on a fixed pay other than one of the provincial cadre has been marked thus X.

Draft reminder ~~in duplicate~~ to the Collectors of Chittagong Division is put up as directed.

The Govt Resn of 24-6-1919 direct that all Municipalities with an income of not less than Rs 7000 per annum should employ at least one Sanitary Inspector on Rs 30 to 35 (In charges 35-2-65-5/2-87 and that the smaller Mfties may have Sanitary Naiktes on Rs 15. per mensem.

The information about the Sanitary Inspectors actually employed at present will show that of the 5 districts except Chittagong who has not yet replied, there are:—

(i) That in 6 Mfties having an income of not less than Rs 7000, Sanitary Inspectors on a pay lower than that fixed in the G.O of 1919 are employed. Their pay given is Rs 35 in ~~four~~ cases & Rs 40 in ~~two~~ cases.

(ii) That in 9 Mfties having similar income, only Sanitary Naiktes are employed. Their pay ranges from Rs 20 to Rs 35/-.

(iii) That in one Mfg. with income of less than Rs 7,000, a Sanl Insp^r on Rs 35-5-87 is employed

(iv) That in 19 Mfgs with income of less than Rs 7000, Sanl Maistries are employed on pay ranging from Rs 12 to 30; and

(v) That the number of Mfgs with incomes not less than Rs 7000 having the regular Sanl Insp^rs in Rs 35-87 is 24.

Thus there are in the Dte, except Chitaldrug,

15 Sanl Insp^rs in the grade Rs 35-2-65-5/2-87
